HOMework FOR THE LESSON 16

Look at the different cases and suggest your solutions! To do it, come up with as many questions as possible. Write down only those, which in your opinion will give useful answers. Then look at the answers and try to come up with some solutions. You will see an example below.

Example case: Pupils in today’s schools have very heavy bags.

Example questions: Why are their bags heavy? What can we do to make them less heavy? How will making the bags less heavy help students? ...

Example solutions: The bags are heavy because of the textbooks, so we can replace the printed textbooks with electronic books. If the bags are less heavy, the students’ health will be at a lesser risk.

Case 1: Summers in Almaty are very hot. Because of the weather, it is hard for local people to go around the city.
