Read an article about 13 amazing conspiracy theories that people believe in. Choose five of them and create sentences using the Second Conditional. In your “if-clause”, say something about the theory. In the main clause tell what would happen, if the theory was true. Use the sentence below as an example.

If Elon Musk was an alien, he would speak a different language.

Theory 1: _____

Theory 2: _____

Theory 3: _____

Theory 4: _____

Theory 5: _____
