# HOMework FOR THE LESSON 7

## HOMEWORK FOR THE LESSON 7

Task 1. Choose the possible conditionals for the situations (number 1 – 5) below and tick (v), or both if they are both possible.

1. That politician Steven Brown has been offered some money by a businessman.
  - a) What will you do in his situation? \_\_\_\_
  - b) What would you do in his situation? \_\_\_\_
2. The interview went well, actually. I think they liked me.
  - a) I'd accept it if they offered it to me. \_\_\_\_
  - b) I'm going to accept the job if they offer it to me. \_\_\_\_
3. It's a simple law of physics.
  - a) Water boils if you heat it to 100° C. \_\_\_\_
  - b) Water would boil if you heated it to 100° C. \_\_\_\_
4. I can't believe more people are getting on this bus.
  - a) It would never be able to move if any more got on. \_\_\_\_
  - b) It'll never be able to move if any more get on. \_\_\_\_
5. She's phoned twice already today.
  - a) I'd tell her what I thought if she phoned again. \_\_\_\_
  - b) I'll tell her what I think if she phones again. \_\_\_\_
